The Inter-Association Task Force on Alcohol and Other Substance Abuse Issues (IATF) is a coalition of higher education associations and organizations that seek to eradicate the abuse of alcohol, tobacco, legal and illegal drugs and other substances among college students. It strives to inspire students to review their lifestyles and make informed decisions regarding these substances. The Task Force supports teaching college students life skills that will enable them to be successful in college and afterwards.

Numerous organizations active in the higher education arena have made a commitment to provide the leadership for the IATF.
